ABDUL KAHAR

Software Developer

Phone: 9400987676 | Location: Kerala, India

PROFESSIONAL SUMMARY

Motivated and detail-oriented Software Developer with a strong foundation in software development and automation. Skilled in constructing Python applications, optimizing MySQL databases, integrating REST APIs, and utilizing Generative AI tools to streamline development workflows. Experienced in web technologies, version control, collaborative debugging, and feature deployment.

TECHNICAL SKILLS

- Programming Languages: Python, JavaScript, HTML, CSS
- Databases: MySQL, Database Management
- Frameworks & Tools: Generative AI, REST API, Git, GitHub

PROFESSIONAL EXPERIENCE

Software Developer Intern

TechNova Solutions | Kochi, Kerala

June 2025 – December 2025

- Developed and maintained small-scale software applications using Python to meet functional requirements.
- Designed and optimized MySQL databases and SQL queries to improve data processing efficiency.
- Integrated third-party services and REST APIs into core applications to expand functionality.
- Utilized Generative AI tools to automate repetitive tasks and boost overall development productivity.
- Collaborated with team members to troubleshoot system issues, debug code, and implement new features.
- Managed source code and version control using Git and GitHub across application projects.

PROJECTS

AI Resume Analyzer

Technologies: Python, Generative AI, MySQL

- Engineered an AI-driven application that evaluates resumes and provides structured feedback based on specific job requirements.
- Implemented resume text processing routines using Python to extract and structure candidate data.
- Leveraged Generative AI capabilities to deliver automated suggestions for optimizing resume content.
- Structured and managed relational data storage for user records and analysis results using MySQL.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering

ABC Institute of Technology | Kerala

2023 – 2027

CGPA: 8.2/10
